

Have No Fear, Outreach For Smarties Is Here.

99% of site staff report that they conduct outreach on a regular basis but only 1% conduct outreach effectively. Some of the reasons staff do not engage in this vital marketing effort:

- 1.) They don't feel they have the tools
- 2.) They don't feel they have the time
- 3.) The biggest factor is FEAR!

During the Outreach for Smarties workshop, you will gain hands-on experience.

- Develop effective and easy outreach skills
- Obtain resources for effective outreach ideas
- Receive forms and procedures to efficiently, track, organize and manage those valuable outreach efforts making your investment of time more effective.

To reserve your seat or book a workshop for your company or organization, call the **Smart Girls to sign up for this workshop.**
